

TULSA GMC LUNCH BUNCH

Founders Glyn & Melrose Trimble (1999)

February 2, 2018

The Tulsa GMC Lunch Bunch met today for the monthly luncheon at the Golden Corral located at East 71st Street and South Mingo Road in Tulsa. There were a total of 27 in attendance.

Present were Irv & Shirley Pense, Robert & Marilyn Musgrove, Tommy Manning, Fred & Peggy Pitezal, Ken & Doree Broostin, John & Teresa Broostin, Clyde Jones, Frank Broostin, Larry & Joanna Potts, Geoffrey & Peggy Alexander, Sharon Eimen, Pat & Susan O'Brien, Bob Ankershiel, Bernie & Renee Baldwin, Leonard & Jane Howard, and Monte & Helen Jestes.

It was great to see everyone today!! With the coming of February, we can visualize the end of winter out there somewhere. And with Valentine's Day just a few days away, we heard a reading about love.

There were conversations about coach repairs either underway or planned. Should I keep the carburetor or upgrade to fuel injection? (Maybe you could just upgrade to a 3.70 final drive and keep the carburetor.) How much of the floor did you replace due to dry rot? Have you ever seen a GMC Motorhome that didn't leak when it rains? Is it possible to repair a frame that is rusted through, or should the front clip be replaced?

Doree Broostin presented a list of potential outings/destinations for 2018. A couple of these were suggested as 'spur of the moment' trips as weather and individual schedules permit. Trips to the Lake of the Arbuckle's/Sulphur area as well as to Branson, MO were also discussed.

Also, Irv Pense asked whether there was interest in making a trip to Shamrock, TX for the St. Patrick's Day celebration which is March 15-18.

See you next month.
